

**Mining Software Repositories  
Foundational Contribution Award 2019**

*Presented to*

**Katsuro Inoue**

For fostering a vibrant international community around software clone analysis and the development of the CCFinder clone detector, which has enabled countless others to do research involving code clones.

A handwritten signature in gold ink, appearing to read 'Chris Bird', located below the award description on the left side.

Christian Bird  
MSR Awards Co-Chair
